Laptop Scholarship Impact Report

Introduction

On August 4, 2025, the McMillan Family Foundation Laptop Scholarship made a meaningful difference by awarding brand-new MacBook laptops to three outstanding college students, helping to lift financial burdens and offer tools essential for academic success.

Key Impact Metrics

3 States Represented:

Awardees from Virginia, Maryland, and Oklahoma — expanding the foundation's national footprint.

\$3,500+ Total Estimated Value:

Each student received the latest model MacBook, easing the burden of college tech expenses.

100% of Recipients from Underserved Backgrounds:

Two from single-parent households; one is a first-generation college student.

0% Recipient Out-of-Pocket Cost:

All devices, and shipping costs, fully funded by the McMillan Family Foundation.

Impact by Goals: Why This Matters

Goal 1: Reduces Financial Strain

The cost of a new laptop is a major expense for many students, especially those from under-resourced backgrounds. This scholarship relieved that burden, allowing recipients to focus on their education without added stress.

Goal 2: Gifts with Greater Purpose

These laptops are more than devices—they symbolize confidence, opportunity, and a commitment to success.

Goal 3: Foundation Pillar Connection

Each recipient's chosen field connects directly to one of the Foundation's three pillars—empowering them to become agents of change in financial literacy, health, and entrepreneurship.
